Services

Safety is our priority.

We are an 'A' graded hospital by The Leapfrog Group. Click the badge to view our hospital's results.

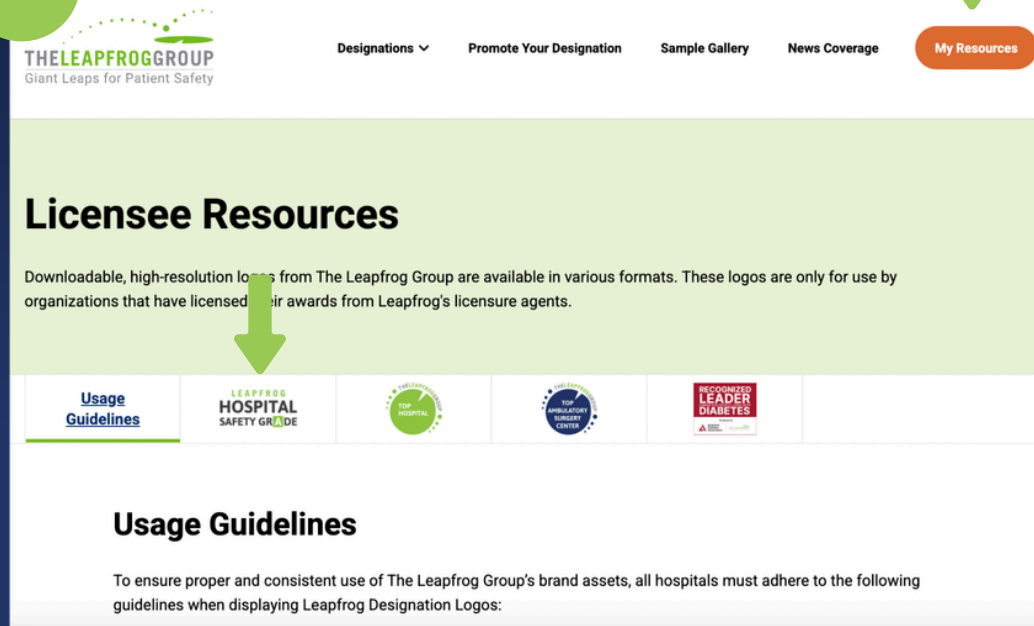

Keep your website up to date with the Embedded Badge.

The Embedded Badge uses HTML code that pulls the latest licensed Leapfrog Hospital Safety Grade logo directly onto your website. Available only with an active license, the Embedded Badge automatically updates each cycle and includes a clickable link directing visitors to your facility's dedicated page on HospitalSafetyGrade.org for more information about Leapfrog and your designation.

For more information about the Embedded Badge, contact licensing@leapfrog-group.org

1 Navigate to leapfroglicensing.org and login

2

- Head to 'My Resources' in the upper right
- Click on the Leapfrog Hospital Safety Grade tab

3 Embed Your Badge

Choose from the options below to see your badge. Then copy the embed code shown below to embed the image in your website or content management system.

Badge Options

Green x v

Horizontal x v

[Clear Filters](#)

Embedded image preview

- Scroll to the 'Embed Your Badge' section
- Select your desired **color** and **orientation**

4

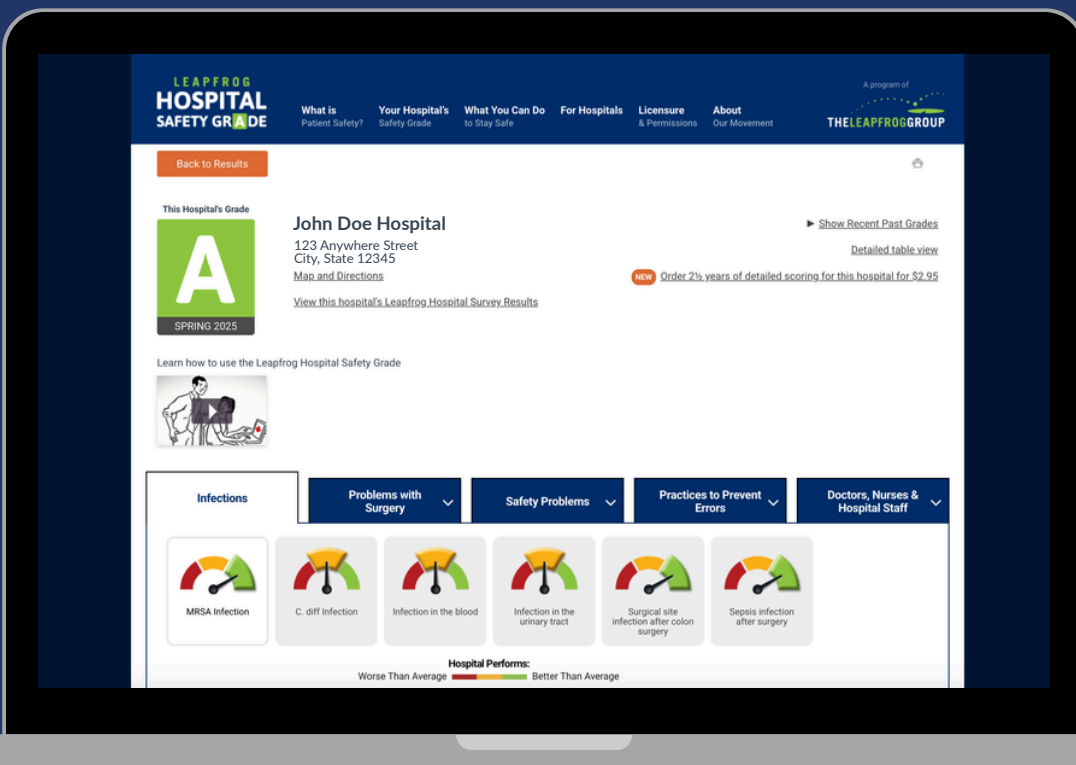

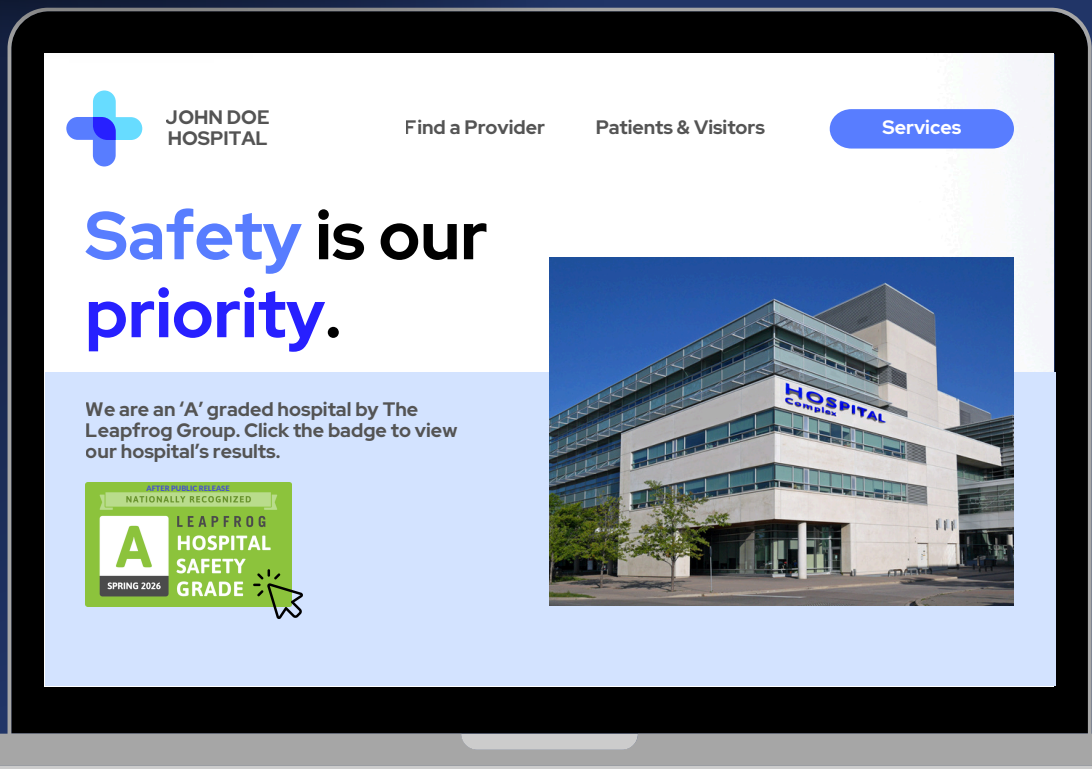

Your embed code

```

```

- Paste the code into your website or content management system
- Note, this image will **automatically update** to the most recent version that your facility has licensed

Your Embedded Badge in Action

Users who **click on the badge** will be directed to your hospital's results page on Leapfrog's **Hospital Safety Grade website**.
